EDUCATION

Rochester Institute of Technology, Rochester, NY — *B.S. in Software Engineering*

AUGUST 2022 - PRESENT

Participated in a rigorous curriculum combining principles of computer science, engineering, and project management. Gained extensive experience with Python, Java, and C through group and individual projects.

PROJECTS

Portfolio Website — *Bootstrap, HTML*

Created an updatable portfolio website to host my resume, projects, and contact information. Ensured responsive design and compatibility across devices with Bootstrap's grid system. Included dynamic content with updatable projects and rotating carousels.

EXPERIENCE

Looking For Group, Rochester, NY — *Backend/Architecture Lead*

MAY 2025 - AUGUST 2025

Led the design, development, and deployment of new APIs in Vite and Node, enabling integration across frontend. Mentored and managed a team of 8 backend engineers, establishing coding, documentation, testing, and CI/CD best practices across a returning project.

Freelance Web Developer — Self-Employed, Various Clients

MAY 2025 - PRESENT

Designed and developed custom websites for individuals and small businesses, focusing on response design, usability, and performance. Collaborated with clients to gather requirements and deliver fully functional sites using varied development environments. Providing ongoing maintenance, content updates, and technical support post-launch. Built strong client relationships through clear communication, timely delivery, and quality work.

SKILLS

Web Development
